Critical Information Summary

Mobile voice and data: Data Sharing plans

Beyond Broadband Group Pty Ltd (ABN 62 695 597 383) | All prices include GST | November 2026

Service	SIM-only (physical SIM or eSIM) post-paid mobile service with calls, SMS and data, for a compatible unlocked phone. 4G and 5G enabled (capped speeds apply).
Minimum term	Two full billing cycles after activation (plus the initial part-month), then month to month
Minimum monthly charge	Beyond Mobile Share 15 $39, Beyond Mobile Share 45 $59, Beyond Mobile Share 60 $74, Beyond Mobile Share 80 $79
Maximum monthly charge	Monthly fee plus any add-ons you ask for: data bolt-ons, international calling packs and roaming packs. Your service has a $0 extra-spend limit, so no other charges can apply.
Maximum early termination charge	Nil. If you cancel during the minimum term, your service continues to the end of the minimum term and you pay for it (at most one further monthly fee).

Plan	Monthly data	Maximum speed	Monthly fee (inc GST)	Minimum total cost
Beyond Mobile Share 15	15GB to the pool	150 Mbps	$39	$78 to $117
Beyond Mobile Share 45	45GB to the pool	150 Mbps	$59	$118 to $177
Beyond Mobile Share 60	60GB to the pool	250 Mbps	$74	$148 to $222
Beyond Mobile Share 80	80GB to the pool	250 Mbps	$79	$158 to $237

Download speeds are capped at 150Mbps (250Mbps on Beyond Mobile Share 60 and Beyond Mobile Share 80). This is the maximum potential download speed. Typical speeds may often be slower and will vary due to factors such as location, device capabilities, distance from the base station, local conditions, concurrent users, hardware and software configuration and download/upload destination.

To access 5G, you'll need a 5G compatible device and be within a 5G coverage area. 5G is now available in most metro and regional areas and continues to expand (check coverage here).

Minimum total cost = two monthly fees plus the pro-rata charge for your first part-month, which depends on your activation date and is less than one monthly fee. The range shows activation on the 28th (no part-month) up to the highest possible part-month.

What is included

Unlimited standard national calls to Australian fixed and mobile numbers, unlimited standard national SMS and MMS (not video MMS), the monthly data shown, and **unlimited standard calls and SMS from Australia to 15 international destinations** (see the International Calling Guide). Not included: calls to premium (19xx), satellite and other special-service numbers, other international calls and SMS. These are blocked by your $0 extra-spend limit, so you can't be charged for them. To call other countries, ask us to add a calling pack.

Coverage depends on your location and device. Check coverage before you buy at beyondbroadband.com.au/coverage.

How Data Sharing works

Every service in your pool adds its monthly data to a shared pool for your account. Mobile Data Sharing and Data-only Sharing services can be in the same pool, up to 300 services. Unused pooled data expires at the end of each billing cycle and does not roll over. Removing a service removes its data from the pool. If you move a Data Banking service into a pool, its banked data is lost.

When your data runs out

When your pool is used up, data stops for every service in the pool until your next billing cycle. There are no automatic charges. You can ask us to add a 10GB pool bolt-on for $60, which is shared across the pool and available until the end of that billing cycle.

International calling packs and roaming

Optional add-ons, charged only if you ask for them: 120-minute calling pack (42 destinations) $15 a month, and 300-minute calling pack (30 destinations) $25 a month. Packs renew each month until you ask us to remove them; unused minutes do not carry over. These apply to calls made from Australia. **Roaming** is not included and pay-as-you-go roaming is blocked; you can buy a travel pack before you go (see the International Roaming Guide). Included international calls do not apply while you are overseas.

Fees

No setup, activation, SIM or eSIM fee. No other fees apply. You can ask us for your current usage at any time; usage information may be up to 48 hours old.

Minimum term and cancellation

Your minimum term is your first **two full billing cycles** after activation (plus the initial part-month). After that, your service continues month to month until you cancel.

You can ask to cancel at any time. Cancellation takes effect at the end of your current billing cycle, and your service stays active and is charged until then. If you cancel during the minimum term, your service continues until the end of the minimum term and you pay for it, which is at most one further monthly fee (one monthly fee). If you transfer your number to another provider, your service ends when the number leaves, but you still pay to the end of that billing cycle (or the end of the minimum term, if later) plus any usage. There is no cancellation charge after the minimum term. We do not refund unused days of a paid billing cycle when you choose to cancel, unless the law requires it.

Billing and payment

Plan fees are charged monthly in advance. Billing cycles run from the 28th of each month to the 27th of the next. Invoices are issued on the 20th and are due on the 27th. Your first invoice includes a pro-rata charge from your activation date to the next 27th, plus your first full billing cycle in advance, and is due 7 days after it is issued. Plan fees are paid by automatic direct debit from your bank account or credit or debit card, with no payment fee. We send you a secure link to set this up after you sign up.

Emergency calls. You can call 000 or 112 from your mobile. Make sure your phone is compatible with the network for emergency calls; we can help you check.

Help, complaints and assistance

Phone 07 3881 9606 (Monday to Friday, 9:00 am to 5:00 pm AEST (excluding Queensland public holidays)), email support@beyondbroadband.com.au or write to Level 1, 377 Montague Road, West End QLD 4101. Complaints are free: see our Complaints Handling Policy. If you're having trouble paying, see our Payment Assistance Policy. If we can't resolve your complaint, contact the Telecommunications Industry Ombudsman (TIO): 1800 062 058 or tio.com.au. National Relay Service: accesshub.gov.au. Interpreting help: TIS National on 13 14 50. Full terms: Customer Terms and Conditions.
